RE: Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as  
Amended by the Cable Television Consumer Protection and Competition Act of 1992, Third Report  
and Order - MB Docket No. 05-311

Dear Ms. Dortch,

I am Chairman of the Board of the Public Access Station in our small Town of Berkley, MA. In regards to the above proposal, I am frightened by the implications. It is clear that our station's plans for more community services in the future would be devastated by this proposal. I beg you to think beyond the "surface" issues of this proposal, and research the actual long-term effects. The proposed ruling would be a disaster for all but the largest Public Access stations, and many smaller stations like ours would cease to exist.
